

# ONE STOP PROCUREMENT SOLUTION FOR CONSTRUCTION SECTOR

Noida | Mumbai | Kolkata | Chennai | Bangalore

# About Us

## WHO ARE WE?

Indosup is an India-based B2B aggregator, transforming the procurement of construction materials through a user-friendly digital platform. Our platform simplifies sourcing by connecting businesses with a wide network of suppliers and manufacturers, offering seamless price comparisons, online purchasing, and access to competitive pricing regardless of location.

A key advantage of our platform is the ability to track orders and shipments in real-time, ensuring that businesses stay informed and receive materials on schedule, minimizing delays and disruptions.

Now, we're enhancing our services with Value Engineering, leveraging technology and industry expertise to provide a comprehensive cost analysis for customer projects. This allows clients to optimize material selection and project planning, ensuring efficiency and cost-effectiveness at every stage.

## Our Vision

To streamline construction procurement with technology-driven & cost-effective solutions for efficient & sustainable building.

# Streamline Your Procurement with Indosup

## 1. Managing Multiple Sites

### Challenge

Multi-site purchasing leads to project delays

### Indosup Solution

**Dedicated Relationship Manager**  
Manger for quick quotes & smooth operations

## 2. Price Accuracy with Multiple SKUs

### Challenge

Accurate pricing is difficult with large no. of SKUs

### Indosup Solution

**Integrated Pricing Solution**  
Unlocking best prices by comparing manufacturers, stockists & distributors.

## 3. Supply Chain Delays from New Vendors

### Challenge

Supply chain issues can drive up costs & extend project timeliness

### Indosup Solution

**Authenticated Suppliers**  
On-Time tracked deliveries from certified suppliers.

## 4. GST and Billing Contingencies

### Challenge

Multiple Vendors complicate GST Billing

### Indosup Solution

**100% GST Compliance**  
Timely billing with GST Compliant & Digitised Documentation

## 5. Increased Ordering and Mismatched Quantities

### Challenge

Mismatched Quantities & Quality issues lead to project setbacks

### Indosup Solution

**Value Engineering Services**  
Offers a tailored BOM aligned with your project needs

**With Indosup, Save Up to 10% on Overall Project Costs!**  
Transform your procurement strategy today!

# What our clients say...

## TESTIMONIALS

" Since partnering with Indosup, we have gained full visibility into our procurement process. What used to be a frustrating experience with hidden costs and lack of clarity has transformed into a smooth, transparent operation. Indosup ensures that we get the best prices and avoid the common pitfalls of overcharging or double billing. It has truly made procurement more reliable and cost-effective for us. "

**Naresh Sharma**

**Managing Director, CCI Group of Companies**

" We used to deal with quality control issues that led to costly reworks and project delays. Indosup's value engineering services and curated supplier base have given us confidence in the materials we order. "

**Bharat Gupta**

**Director, Jakson & Company**

" Before Indosup, we frequently faced supply chain issues that would delay our projects and drive up costs. Their reliable network of authenticated suppliers and commitment to on-time delivery has drastically reduced disruptions for us. Now, we can trust that materials will arrive as scheduled, keeping our projects on track and helping us avoid unnecessary headaches. "

**Kunal Arora**

**CFO, Ramprastha Urban Development Pvt. Ltd.**

" Indosup ensures transparency and minimizes supply chain disruptions, making procurement smoother and more reliable for our projects. "

**Himanshu Sharma**

**Manager EPC Procurement, SAEL Ltd.**

" Indosup's user-friendly platform and vetted suppliers have saved us time and money, making it an essential part of our procurement process. "

**Brijesh Pandey**

**VP-Procurement, ATS Group**
